

Conditions For Hire Of Motorised Golf Buggies

- Be sure you read and understand the conditions of hire as shown on the clubhouse health & safety noticeboard by the 1st tee exit and adhered to each buggy.
- Only holders of a current full UK car driving licence, who are not banned from driving can hire golf buggies.
- Drive buggies steadily in a manner which is both safe and protects the condition of the course.
- Ask a member of staff you are not totally confident in how to drive a golf buggy safely.
- Do not drive buggies onto any steep slopes or gradients and specifically the surrounds to the 16th green.
- Disabled users who are operating buggies in adverse conditions (when course damage could occur and general hire is not available) should drive in the short rough grass to the side of the fairway.
- Hirers undertake that the buggy will be driven by the hirer and under no circumstances by anyone without a current full driving licence.
- The club does not accept liability for damage or personal injury to any passengers or other persons whilst the buggy is in the care of the hirer.
- The hirer of the buggy shall be liable for any damage or injury caused by negligent operation.
- The golf buggy shall only be used within the designated areas of the club.
- The golf buggy shall carry a maximum of two persons and two golf bags.
- Immediately on completion of the round the buggy shall be returned to the collection point and the keys returned to the shop.
- Any incident or damage must be reported to an official of the golf club.
- If any breach of the above conditions causes our insurances to be invalidated the hirer will be personally liable for all damage and costs sustained by the golf club and by third parties.
- Anyone hiring a buggy will be deemed to have accepted these conditions and to have been instructed or be knowledgeable in the operational and safety procedures required to operate the buggy and to indemnify Ombersley Golf Club from any and all liability that may result from the operation of this buggy.
